Australian Fancier Poi Weynton Achieves Historic Success at the 2026 Thailand One Loft International Pigeon Race

Australia has claimed a standout international achievement in the global pigeon racing arena, with Sydney fancier **Poi Weynton** securing multiple top tier placings in the prestigious **2026 Thailand One Loft International Pigeon Race**. The event drew **875 competitors from 44 countries**, with a total of **5,855 pigeons** entered. Australia fielded **11 fanciers and 97 birds**, with Poi—an Australian woman of Thai heritage and member of the **Liverpool Pigeon Club**—emerging as one of the competition's most successful performers across the five race program.

Outstanding Results Across Five Elite Races

Poi competed in a five race series comprising two Ace Bird races, a Hotspot race, the global FCI race, and the Thailand Master Final, posting the following results:

- **17th Place** – Ace Bird Race 1 (220 km)
- **1st Place** – Ace Bird Race 2 (250 km)
- **2nd Place** – Hotspot Race (320 km)
- **2nd Place** – FCI Race (400 km)
- **2nd Place** – Thailand Master Final (500 km)

Her consistency over increasing distances secured the coveted overall distinctions:

- **1st Place Ace Bird Award**
- **3rd Place Ace Bird Award**

Representation, Diversity & Sporting Excellence

Poi's achievement is significant not only competitively, but culturally: she excelled in a sport traditionally dominated by men; she proudly represented both Australia and her Thai heritage; and she showcased Australia's strong global standing in a niche but highly technical sport.

Quotes

"Poi's result demonstrates Australia's capacity to compete against the world's strongest pigeon fanciers and reinforces the international respect our competitors continue to build," said a spokesperson for Australian pigeon racing.
